Summer Is Here, And We Have A Netflix Cheat Sheet Just For Parents

Before your family dives into Netflix this summer, here are some tips to help the viewing experience go swimmingly!

Think of it as the Netflix Kids & Family equivalent of sunscreen...

☐ Customize your kids' watch experience by creating a Netflix Kids profile and leveraging parental controls.

- » [Choose maturity ratings or block shows.](#) When you set a maturity rating for a profile, that profile will see only TV shows and movies that fit that rating. You can also block specific TV shows and movies.
- » [Lock your profile or other profiles on your account.](#) If you want to restrict access to a specific profile on your account, you can protect it with a Profile Lock PIN.
- » [Turn autoplay on or off.](#) Netflix has two autoplay features that you can turn on or off for each profile on an account.
- » [Access viewing history for a profile.](#) You can see the TV shows and movies that have been watched on each profile on your account.

☐ Planes, Trains, and Downloads!

Use the Download feature and keep your kids' favorite show or movie at-the-ready before heading out to a summer destination. To download, open the Netflix app on any device, select a TV show or movie, tap Download and you're on your way! Note, not all titles are available for download.

☐ Add Some Character To Their Summer with Profile Avatars.

Help your kids change their profile icon to some of the most beloved characters from Netflix shows and movies. You can change the icons by going to your account settings and choosing "[Manage profiles.](#)" After you select a profile, you can edit it and change the avatar.

☐ A Summer Filled With Mystery!

The Mystery Box feature provides a fun way for kids to discover their next favorite series and movies, or reconnect with a familiar face. Kids, parents and caregivers can enjoy this feature by following these three simple steps:

- » Log in to a kids profile.
- » Find the kids 'Favorites Row' at the top of the homepage. This row is character-driven to more easily and vividly connect them with the characters, shows and films they love as soon as they turn on Netflix.
- » Hover over the sparkly 'Mystery Box' to discover a title that is 'new for you'!

DESIGN YOUR OWN CUTIE MARK

The Mane 5 all have cutie marks that make them uniquely magical. Why not create your own cutie mark that shows off your favorite hobby, or celebrates your personality?

SOME INSPIRATION FROM THE MANE FIVE TO HELP YOU GET STARTED.

IT'S AN OBSTACLE COURSE!

Being half shark, half dog doesn't stop Sharkdog from diving into messy fun adventures with his human friend Max. Harness Sharkdog's spirit and head outdoors this summer with this DIY obstacle course filled with elements that don't typically go together. Ready, set...hop to it!

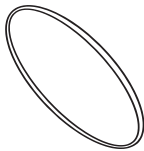

WHICH CAME FIRST, THE FRISBEE OR THE EGG?

What you'll need: egg, frisbee, cut out 12" round circles

Balance an egg in a frisbee as you hop circle to circle from start to finish on one foot. If you drop and break your egg, start again. Success? Head to the next station.

HULABALL!

What you'll need: basketball, hula hoop, painter's or duck tape

Use the tape to set a distance marker and place the hula hoop at least two hoop distances from the marker. Bounce the basketball away from the marker, and try to make the second bounce hit the hoop circle. Once you hit the target, bounce on to the next station.

BUBBLEBALL!

What you'll need: bubbles, toy baseball bat

Blow a round of bubbles into the air and swing away. Break five bubbles and home run back to the first station to start again!

MAKE A TURTLE MASK

Join forces with turtle brothers Raph, Leo, Mikey and Donnie and embrace your own mystic powers with this fun DIY project.

Cut out one of these mask templates and decorate your very own turtle mask. An adult can help attach string to the sides, and you are ready for action!

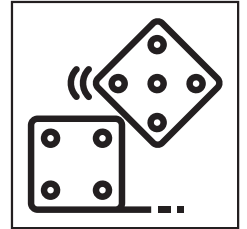

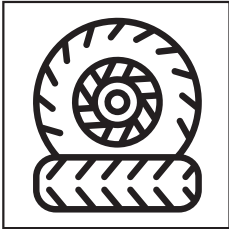

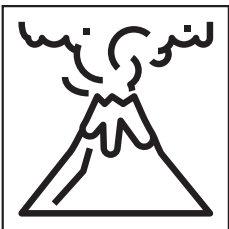

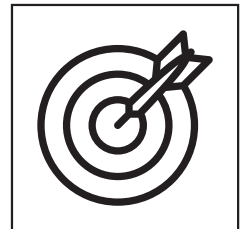

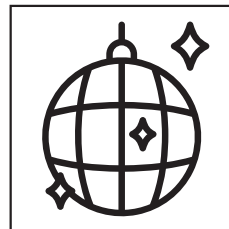

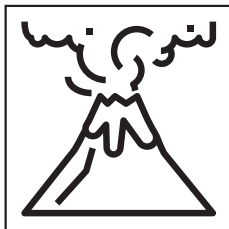

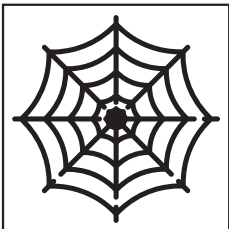

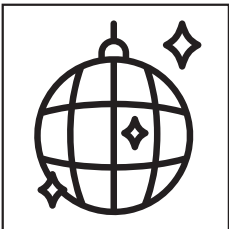

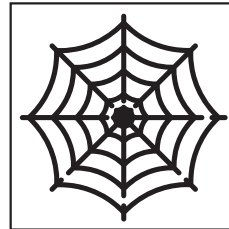

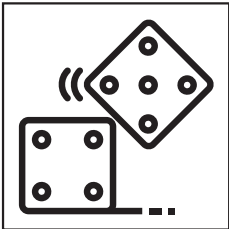

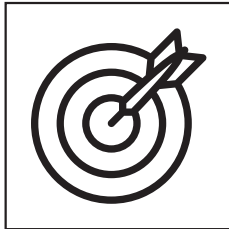

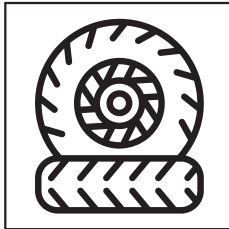

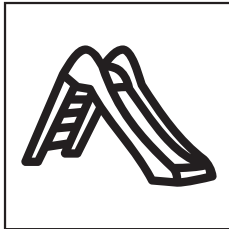

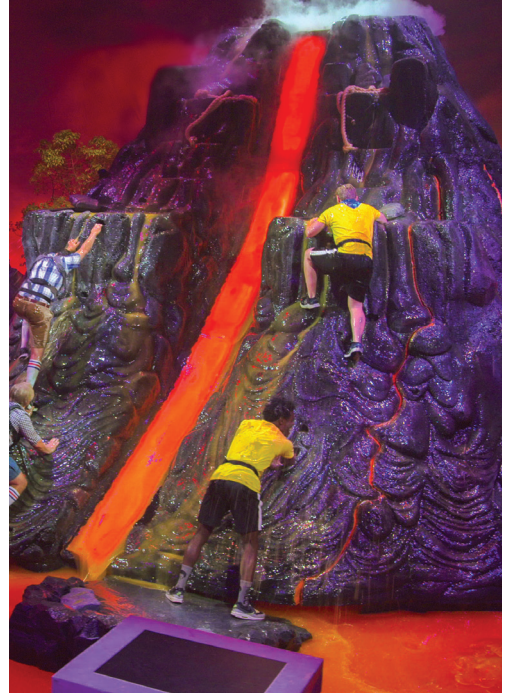

MEMORY GAME

FLOOR IS LAVA

In *Floor is Lava*, teams must race against a rising tide of lava to find their way out of a themed room. Test your own concentration skills when the heat is on with this lava themed game of memory.

Simply cut out and randomly shuffle the pairs of objects found in Season 2. Then turn the cards face side down, set a timer, and see how many you can turn over and match before the buzzer. Look out for volcano with lava cards...match two and you have to re-shuffle the cards and start over!

SPOT THE DIFFERENCES

Check out these two pictures of Elder Kettle's chaotic living room after leaving Cuphead and Mugman home alone for the day. Can you spot the 8 differences?

Answer Key: Red Stars, Lightning Bolts (2), Blue Glove, Fish on the wall, Green Rug, Red Plate, Fishing Pole

DOLLHOUSE PUZZLE

Gabby and her host of feline friends play their way through her spectacular dollhouse. Recreate her surprise-filled dollhouse here with this funny puzzle activity!

WHAT YOU'LL NEED: Printer, paper, velcro dots, scissors

1. Print out the dollhouse blueprint.
2. Now print out the shapes document on the next page.
3. With an adult, cut out the shapes.
4. Match where the shapes should go.
5. Repeat until you've placed them all!
6. Try to see if you can do it again faster!

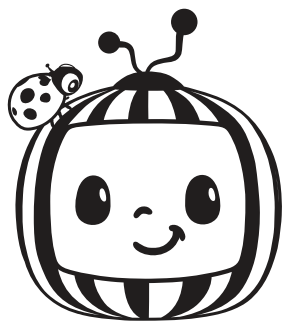

LET'S COLOR!

Grab some crayons and have fun with this sheet featuring JJ!
